## **WE CAN - "More Than Words" Book Launch by Tan Chin Tuan Foundation**

On 4 September 2018, we were happy to attend the launch of the 5<sup>th</sup> edition of 'More Than Words' book titled "WE CAN – Create, Contribute, Care, Connect, Cherish" at the National Library. 'More Than Words' is a signature programme by Tan Chin Tuan Foundation which seeks to promote creative literacy, potentially inspiring and equipping children to think imaginatively and write better. This year, two of our beneficiaries had their stories published in the book, which focuses on valuing the contributions of children. In addition to the hands-on activities and heartwarming performances by the children, they were also mesmerised by the storytelling session by Mr Roger Jenkins, which was interactive and highly engaging. We thank the Foundation for having us!
